

TRIDENT® LED HEADLAMP

Multi-Purpose Headlamp

When you need a light that will provide you with the broadest range of lighting applications for everyday use, whether distance or “up close” work, the multi-purpose Trident headlamp provides a good mix of both for users.

- Meets lighting needs for both close-up and distance work
- Features center C4 LED and three ultra-bright white 5mm LEDs
 - C4 LED for super-bright light: 4,000 candela peak beam intensity; 80 lumens; 126m beam distance; 5 hour run time
 - 3 ultra-bright white 5mm LEDs for bright light and longer run time: 385 candela peak beam intensity; 35 lumens; 39m beam distance; 10 hour run time
 - 1 ultra-bright white 5mm LED for extended run times and when a less intense beam is ideal: 120 candela peak beam intensity; 11 lumens; 22m beam distance; 53 hour run time
- Push-button switch is easy to use when wearing gloves and is recessed to protect it from inadvertent activation
- IPX4 rated for water resistance; 2 meter impact resistance tested
- Low-level battery indicator visible in the facecap of each light
 - Red LED flashes when battery is low and batteries are near the end of their usable life
 - LED is located in the reflector in between the “Low Batt” marking and functions while the light is on
- 90° tilting head features a robust ratcheting system; prevents neck fatigue
- Durable, co-molded rubber body
- Powered by 3 “AAA” alkaline batteries (included)
- Includes elastic headstrap and rubber hard hat strap
- 5.5 oz. (156 g)
