

Endura® 361DLXWL

A one finger lineman mitt
built tough for extreme cold
(-45°C / -50°F)

These heavy-duty mitts built from specially selected horsehide leather are wool lined for warmth in temperatures down to -45°C / -50°F. Their gauntlet cuffs are marked by retroreflective silver strips and a hi-viz overlay to assure maximum visibility. Sewing thread is made with Kevlar® fiber for added seam integrity. A leather performance patch at the palm makes them extra-hard wearing, and a removable, washable lining makes it easy to keep them fresh and clean.
