PU Coated Gloves with 18g Nylon Knit

MKC118

Description

This Kosto work glove is made from 18g nylon that conforms to the hand with increased dexterity and features a polyurethane coated palm and fingers that provide a good grip in dry or light oily environments. It offers ANSI Level 3 abrasion protection and its elastic wrist prevents debris from entering the glove. The breathable material on the back provides additional comfort. This work glove is compatible with touch screens.

Care and washing instructions

A good way to keep gloves longer is to clean them regularly.

- Low heat wash and tumble dry
- The glove can be washed several times without losing its properties
