### Anti-Vibration Polyester and Synthetic Leather Gloves with K-Insulate Lining

**MKSH11**

#### Description

These Kosto anti-vibration gloves will keep your hands protected and warm thanks to the 100g K-insulate lining. Constructed with synthetic leather, non-slip silicone printing, and breathable polyester mesh, they provide comfort and protection.

These work gloves feature EVA and PVC pressure point padding, neoprene knuckles protection, and PVC fingertips. The elastic wrist with Velcro closure ensures a personalized fit and keeps debris and dirt out.

#### Materiel

- Synthetic leather palm
- K-Insulate 100g lining
- EVA and PVC pressure point padding
- Non-slip silicone printing
- Breathable polyester mesh on back with neoprene knuckle protection

#### Size:

S to 2XL

Washable

### Care and washing instructions

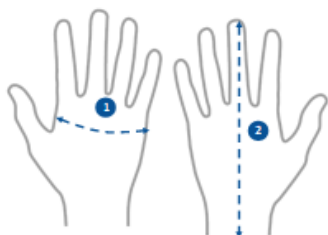

A good way to keep leather gloves longer is to clean them regularly.

- Washing in cold water and /or clean with a soft, damp cloth, removing any dirt
- Clean with a cloth and a mild soap that contains natural grease (e.g. Marseille soap)
- Air dry only
- Do not iron
- DO NOT clean with harsh soap as this removes natural oils from the leather and makes it more rigid

### Size chart

MKSH11

Size Kosto *			S	M	L	XL	2XL
1	Width (hand)	cm	10.5	11.5	12	12.5	13
		po / in	4.1	4.5	4.7	4.9	5.1
2	Length (glove)	cm	24	25	26	27	28
		po / in	9.4	9.8	10.2	10.6	11
