Arcflash - A5 Cut-Resistant Protection Driver Style Gloves

MKVF01

Description

This driver-style Kosto glove is designed to offer optimum protection against category 4 arcflashes and Level A5 cuts. Made from high-quality goat leather, it combines robustness and comfort, guaranteeing excellent durability and a secure grip. Ideal for professionals working in demanding environments, it offers excellent dexterity and resistance to Level 4 abrasion and Level 3 puncture. Its short wrist allows free hand movement.

Material

- Grade A/B full-grain goatskin leather
- Lining Dupont™ Kevlar® fiber and fiberglass
- 100% Kevlar® stitching

Size

S to 2XL

Certification

Tested for arc flash protection: **ASTM F2675-23 - ATPV 44 cal/cm² (Cat 4)**

ANSI/ISEA 105 Tested

Level A5 cut resistance **-2872g.**

Level 4 abrasion resistance

Level 3 puncture resistance

ANSI/ISEA 105

DUPONT™

Kevlar®

Dupont™ Kevlar® and fiberglass lining attached to fingers and thumb to hold in place when wearing or removing the glove.

Care and washing instructions

A good way to keep leather gloves longer is to clean them regularly.

- Dry cleaning - best option to retain the natural oils of the leather
- Clean with a cloth and a mild soap that contains natural fats (e.g. Marseille soap)
- Clean with a soft, damp cloth, removing any dirt
- Air dry only
- Do not clean with hard soap as it removes the natural oils from the leather and makes it stiffer.

Sizing Chart

Size Kosto *			S	M	L	XI	2XL
1	Width (hand)	cm	11,5	12	12,5	13	13,5
		po / in	4,5	4,7	4,9	5,1	5,3
2	Length (glove)	cm	23	24	25	26	27
		po / in	9	9,5	9,8	10,2	10,6

* The measurements are those of the product.

* A fitting is always recommended.
