13" Lined 3 Finger Mitt Full-Grain Leather with Split Leather Cuff

MMKG77

Description

This Kosto-lined 3-finger mitt offers an excellent compromise between a 5-finger glove and a mitten. It offers good thermal insulation and, with the movement of the index finger, a certain ease of grip. It features a flannel lining that keeps your hands warm and protects against heat of up to 200°C. Its internal elastic wrist ensures a secure fit, and its 5½" split leather safety cuff keeps debris out. A split cowhide leather tongue on the pagoda offers a better fit.

Material

- Full-grain leather
- Split-leather cuff cotton lined

Care and washing instructions

A good way to keep leather gloves longer is to clean them regularly.

- Dry cleaning - best option to retain the natural oils of the leather
- Clean with a cloth and a mild soap that contains natural fats (e.g. Marseille soap)
- Clean with a soft, damp cloth, removing any dirt
- Air dry only
- Do not clean with hard soap as it removes the natural oils from the leather and makes it stiffer.
