

FIRMFIT DISPOSABLE

OVERVIEW	
Product Type	Hearing Protection
Range	Earplugs
Line	Disposable Earplugs
Product Use	Earplug
Brand	Howard Leight by Honeywell
Industry	Agriculture • Construction • Fire Protection • Forestry • Government • Law Enforcement • Noise Comfort • Manufacturing • Mining • Steel and Metals • Transportation • Utilities • Welding

FEATURES

Extensive research into earplug preferences revealed that some workers prefer a firm foam earplug. They gain a sense of security from feeling the earplug in their ear. And while they like knowing the earplug is there, workers want greater comfort. Independent tests reveal that FirmFit outperforms the leading classic-style earplug, providing workers with a more comfortable option.

BENEFITS

Longer wear time comfort: More protection. Greater compliance. Greater Protection: Effective NRR 30dB provides excellent protection in most medium-to-high noise environments.

Easy to Insert: Requires less pressure to roll down. The slow recovery rate gives you plenty of time to correctly insert in the ear canal.

Easy to See: The distinct warning orange color makes compliance checks easy.

Softer: You can feel that FirmFit is softer when you hold it.

Less Pressure: FirmFit exerts less expansion pressure on the ear canal.

CARE INSTRUCTIONS

Independent tests reveal that FirmFit outperforms the leading classic-style earplug, providing workers with a more comfortable option.

SKU	DESCRIPTION (EN)
FF-1	Howard Leight FirmFit Cylinder PVC uncorded earplugs
FF-1-PB	Uncorded, Paperbag, UOM = BX, 100 pairs per box, 10 boxes per case, 1000 pairs per case
